

This week in Clinton...

Little Otters were journeying back in time as explorers and they found dinosaurs!

Next week they will be exploring over the ocean on boats.

Our virtue this week has been reflection.

Kingfishers have been:

- using percussion within poetry for rhythm.
- working on subtraction.
- creating pop up poppies.

Next week they will be:

- looking at money and more shape in maths.
- Writing instructions using the book lost and found.
- exploring maps and using them outdoors.

Swallows have been working on:

- 2 step word problems using addition and subtraction.
- imperative verbs and instruction overviews.
- Pre history - what is it?

Next week:

- multiplication and division.
- portal stories in English.
- people who lived in the Mesolithic and Neolithic period.
