

As active learners and explorers we we will be looking at size and shape and looking at how we can sort these. We will also be exploring mathematical language and subitising 1,2 and 3. We will be reading and retelling traditional stories in a variety of ways. We will also be learning and performing new vocabulary.

Little Otters

EYC360 Learning Map
Autumn 2021

We will be working on a creative and critical thinking skills, building house for the 3 Pigs, Bridges for the Billy Goats and perhaps a Rocket to the Stars.

We will explore movement and sound through music and painting and acting out our own versions of traditional tales.

This term we will support the children's emotional wellbeing and encourage them back into our daily routines, making new friends at preschool and being relationship builders. We will develop our characters by exploring what it means to be a good friend. We also be working on problem solving and we will be challenging ourselves in many new ways.

We will be observing nature and looking at how we can care for our gardens. We will also be discussing how to eat healthy and take care of our bodies. We will do some healthy cooking and join our schools with a Big Soup Share and Harvest Celebrations. We will be learning about Diwali and Bonfire Night and looking at the night sky.
